Expense Data Integration between Concur and Intacct Now Available

Reston, VA – April 17, 2013 – A new expense data integration product is now available and can be found in the new [Concur® App Center](#). ExpenseConnect™ is a connector product that seamlessly integrates expense data between Concur, the leading provider of integrated travel and expense (T&E) management services, and the Intacct cloud financial management system. Unveiled today at [Fusion](#), the new app center will help businesses and travelers discover applications that deliver significant value to the enterprise as well as to the business traveler.

Developed by [Brittenford Systems](#), a Reston, VA-based technology services firm, this secure, cloud-to-cloud integration product eliminates the need to manually download and manipulate files for integrating data between systems. [ExpenseConnect™](#) can be configured to integrate expense reports from Concur into the following Intacct modules: General Ledger, Accounts Payable, Time & Expense, or Order Entry.

“Companies need an easy, automated solution for integrating expense data between Concur and Intacct. ExpenseConnect™ does just that, while simplifying the process by reducing manual labor and cost.” states Matt Rowley, Managing Director and Product Manager for ExpenseConnect™ at Brittenford Systems.
