Nonprofit Accounting Software Best Practices - Webinar

Reston, VA—June 26, 2013—A webinar entitled *Nonprofit Accounting Experts Share Best Practices for Selecting Accounting Software* is scheduled for **Thursday, July 11, 2013** at 10 AM PT / 1 PM ET. The webinar features Brian Dietz of Brittenford Systems, and Taylor MacDonald of Intacct Cloud Financial Software.

The webinar will share insights into accounting systems for nonprofits, including how to maximize financial transparency and accountability to the board, how to find the right software vendor, cloud computing options, and how to calculate the ROI from a new cloud financial management and accounting system.

“Nonprofits have unique requirements for financial and accounting software including robust reporting, absolute transparency, as well as total cost and return on investment considerations,” states Brian Dietz, CPA and President of Brittenford Systems. *“In addition, nonprofits are often lean on staff, and cannot be burdened by manual and time-consuming systems, freeing up time to focus on its core mission.”*
